

DAILY SCHEDULE

Mozzi advices you on how to take care of your dog.

Morning

Good Morning!
There's nothing like a good walk with your dog to start a wonderful day with energetic feeling. Spend time playing and talking to your dog. When you're back home prepare its food and make sure there's lots of clean water in its bowl. Don't forget to drink water as well!

Noon

Take your dog for a walk (The length dependent on your free time and the weather). It will be great if you play with your dog and teach new behaviors/tricks. Don't forget to prepare a bag with yummy treats!

Afternoon

Give your dog a stuffed Kong or other interesting toys to keep it entertained instead of bored. You can do so as many times as you want during the day-not only in the afternoon....

Evening

Walk your dog again and if possible allow him to play with its friends. Some dogs will have their dinner after the evening walk.

before bedtime

After spending great time outside it's time to cuddle up at home before bedtime. We hope you both had a lovely day... Good Night!
